Designated Coordinator/Manager Development Program

Date: August 12th-14th, 2025 - 21 hrs

The Designated Coordinator and Manager Development Program is an interactive course designed to help participants gain the knowledge, confidence, and skills necessary to be a successful Designated Coordinator or Designated Manager, especially for Intensive 245D Services. The DCDP course is intended to provide comprehensive training on management duties commonly required in licensed services. Although this course does not waive the education and experience requirements of the Designated Coordinator and Designated Manager in MN Statutes, chapter 245D, it gives the attendees a comprehensive understanding of 245D regulations and how to implement them at your agency.
